

Le Mã â Cã â Nat ã â L Usage Des Associations By Charlotte Bossuet Lionel Bonneval

Depuis quelques années, les associations sont contraintes de trouver de nouvelles sources de financement pour réaliser leurs missions d'intérêt général. Or, l'intérêt réel du mécénat et la diversité des besoins auxquels il est susceptible de répondre, demeure en pratique mal appréhendé, sinon tout à fait inconnu. Pour pallier cette carence, les auteurs ont rédigé un guide pratique recensant tous les outils nécessaires à la conception et à la mise en oeuvre d'une campagne de levée de fonds réussie. Il permet à ses lecteurs de distinguer les solutions les plus adaptées à leurs situations respectives. Cet ouvrage est conçu comme un véritable guide pratique opérationnel du mécénat, étayé d'études de cas, de témoignages, d'exemples concrets, et sont destinés à devenir des ouvrages de référence. Points forts Un ouvrage parfaitement adapté à la cible des associations de toutes tailles Des auteurs pleinement engagés dans le mécénat des associations Un positionnement, un volume et un prix adaptés au marché cible.
