

Preston Bailey S Fantasy Weddings By Preston Bailey

"Werbetext A highly illustrated book of inspiration and advice for creating the wedding of your dreams, by celebrity wedding floral designer Preston Bailey. Synopsis With engaging text, Bailey guides the reader through the process of deciding on the decor for ceremonies, rehearsal dinners, wedding receptions and parties, explaining how to bring diverse yet elegant elements together to compose the stunning environment of one's dreams. Beginning with large decisions, such as choosing a theme and transforming a wide array of spaces to fit the vision, he moves on to the details - centrepieces, arches, placemats, lighting, table settings and more. Throughout the book are full-colour photographs of nine weddings, with chapters that include a Glorious Glasshouse Fantasy, a Tropical Latin Fantasy, a Modern Metropolitan Fantasy and a New England Waterfront Fantasy. Also included are nine design motifs from the Preston Bailey 'Signatures' line. Above all, Bailey encourages anyone planning a wedding, whether it is large or small, to allow their creativity to blossom and to have fun while designing their dream event.
