

Scholastic Pocket Thesaurus Scholastic Reference By John K Bollard

"Pressestimmen From School Library Journal' . . . This volume takes a unique approach with its 'on-the-page index' offering cross-references for more difficult words. Each entry features the term, part of speech, definition, and synonyms (in bold type). Though the previous edition offered more extensive information about the usage of each synonym, this edition widens students' knowledge of word connections, made clear through the visibility of each handy spread-specific index. The easy-to-use, expanded introduction will be a valuable resource to students who take the time to read it.'
