

State Of Emergency The Third World Invasion And Conquest Of America How Illegal Immigration Is Destroying America By Patrick J Buchanan

"Synopsis Pat Buchanan is sounding the alarm. Since 9/11, over three million immigrants have illegally crossed our borders. Our government, paralyzed by its own inept bureaucracy and beholden to monied corporate interests, has done nothing to stop the problem. Illegal immigration has become a calamitous national concern and is the hot button issue from the midterm elections in the southwest states to talk radio to Fox News. And the effect of this tidal wave of illegal immigrants has created serious sea changes to our economy and our society. The United States of 1960 was a First World nation, ninety percent of whose people traced their ancestry to Europe, ninety-seven percent of whom spoke English. We studied the same history and literature in school, went to the same movies, read the same books, listened to the same radio and television, cherished the same heroes. We were one nation and one people, Buchanan asserts. That America is dead and gone. The deconstruction of America-along the lines of culture and values, language and faith, allegiance and loyalty - has begun. By 2050, Americans of European descent will be a minority in the United States. Æber den Autor und weitere Mitwirkende Patrick J. Buchanan, America's leading populist conservative, was a senior adviser to three American presidents, ran twice for the Republican presidential nomination, in 1992 and 1996, and was the Reform Party candidate in 2000. In his 1992 challenge to President George H. W. Bush, Buchanan was the first national leader to put the issue of America's broken and bleeding Mexican border and the Third World invasion of the United States onto the national agenda. No figure in politics or journalism has done more to alert the nation to this existential crisis. The author of seven other books, including the bestsellers *Right from the Beginning; A Republic, Not an Empire; The Death of the West* (Thomas Dunne Books 2002); and *Where the Right Went Wrong* (Thomas Dunne Books 2004), Buchanan is a syndicated columnist and a founding member of three of America's foremost public affairs shows, NBC's *The McLaughlin Group*, and CNN's *The Capitol Gang* and *Crossfire*. He lives in McLean, Virginia.
