

Le Grand Secret Dã â â Israã â L Editions De L O By Stã Phane Amar

La création de l'Etat palestinien est-elle aujourd'hui une utopie ? Dans cet ouvrage percutant, le journaliste Stéphane Amar explique pourquoi la solution à deux États ne constitue plus une issue crédible au conflit israélo-palestinien. Il dissèque le cadavre du processus d'Oslo et raconte comment un État unique se met en place inexorablement, en dépit des réticences et des peurs des deux peuples. Officiellement, l'État juif se dit prêt à reprendre les pourparlers. Mais en réalité, il entend dicter les conditions de la paix. Sur la scène internationale, il continue de faire semblant d'oeuvrer à la création d'un État palestinien. Et joue la montre en attendant le moment opportun pour abattre son jeu. C'est le grand secret d'Israël. Une enquête fascinante qui nous conduit des oasis dorées de la start-up nation aux ruelles étroites des casbahs palestiniennes, des bureaux feutrés de la Knesset aux mosquées de Nazareth. Une lecture indispensable pour saisir ce qui se joue vraiment au Proche-Orient.. Daily Nation 09 05 2014 DocShare tips. piled feed with direct links from Al Ayham Saleh News. jacinternational net.
