

Voyage Of The Narwhal A Novel English Edition By Andrea Barrett

"A luminous work of historical fiction that explores the far reaches of the Arctic and of men's souls."

—*Denver Post* Capturing a crucial moment in the history of exploration—the mid-nineteenth century romance with the Arctic—Andrea Barrett's compelling novel tells the story of a fateful expedition. Through the eyes of the ship's scholar-naturalist, Erasmus Darwin Wells, we encounter the *Narwhal's* crew, its commander, and the far-north culture of the Esquimaux. In counterpoint, we meet the women left behind in Philadelphia, explorers only in imagination. Together, those who travel and those who stay weave a web of myth and mystery, finally discovering what they had not sought, the secrets of their own hearts..
