Grâce à une problématisation soigneusement conçue des sujets, vous disposez de ce dont vous avez vraiment besoin en moins de 400 pages. L'outil incontournable pour aborder, avec les outils adéquats, le thème unique « tournant » de la seconde année... Les neuf chapitres, correspondent à chaque thème du programme et sont organisés en trois sections : • la *Mise au point* développe le thème, avec des rubriques pratiques qui favorisent la compréhension : - l'exemple à savoir, - l'erreur à éviter, - le raisonnement à maîtriser, - la notion à approfondir. • les *Repères* vous procurent les informations utiles : - des biographies sur la vie des grands penseurs ; - des bibliographies sur les livres à connaître ; - les liens de chaque thème avec le passé et le présent ; - des glossaires pour une précieuse aide lexicale ; • enfin l'Entraînement vous teste avec ses questions d'oral. S'il constitue un véritable guide pratique pour la préparation aux concours, cet ouvrage participe également, à sa mesure, à votre formation civique. Il vous aide à vous forger un jugement rigoureux, hors de l'impression immédiate, par une réflexion nourrie aux sources de pensées provenant du temps passé, présent et d'ailleurs... Un manuel unique, qui correspond à vos besoins et qui deviendra vite votre guide pour garder le cap vers la réussite dans l'épreuve de culture générale... 120 quiz de culture gnrle testez vous La culture.
