

Travels In The Scriptorium By Paul Auster

"Synopsis An old man sits in a room with a single door and window, a bed, a desk and a chair. Each day he awakes with no memory, unsure of whether or not he is locked into the room. Attached to the few objects around him are one-word, hand-written labels, and on the desk is a series of vaguely familiar black-and-white photographs and four piles of paper. Then a middle-aged woman called Anna enters and talks of pills and treatment, but also of love and promises. Who is he? What is he doing here? When did he arrive and how long will he remain? With any luck, time will tell us all. Æber den Autor und weitere Mitwirkende Paul Auster is the best-selling author of Invisible, Moon Palace, Mr Vertigo, The Brooklyn Follies, The Book of Illusions and The New York Trilogy, among many other works. In 2006 he was awarded the Prince of Asturias Prize for Literature and inducted into the American Academy of Arts and Letters. Among his other honours are the Independent Spirit Award for the screenplay of Smoke and the Prix Medicis Etranger for Leviathan. He has also been short-listed for both the International IMPAC Dublin Literary Award (The Book of Illusions) and the PEN/Faulkner Award for Fiction (The Music of Chance). His work has been translated into more than thirty languages.
