Why it helps first off if you want to write a memoir this three sentence description will form the structure of your book in effect it s a supershort story of your life a beginning a middle and the end now if you will even if you have zero impulse to write another word however the exercise can show you how you view yourself your past and your present all of which can inform your future. I like your advice rachel i m heading up to 70 and as we do have a life time lived most fully i don t want to publish necessarily but feel the accidental journey is worth putting down if mainly to ensure that my children and their offspring can enjoy the rather eccentric romp that was and is my life. Many writers i expect find editing the toughest hurdle especially so when you have to bins something you really like and might even feel quite attached to for the sake of the overall structure of your book 5 life s journey i guess all of the above is a tip for using your own life journey in your writing and not being afraid to do so.
