"Críticas ""An instant publishing phenomenon." --The New York Times ""Visually arresting and disarmingly deep... The photographs in this volume, some of which have never been published before, capture the city's inhabitants with a commendable eye for demographic diversity and everyday street fashion. But it's Stanton's interviews with his subjects, usually excerpted from their rawest moments, that are the most captivating as they highlight both the hardship and the little victories of an often-unforgiving city." --The Atlantic ""[A] lovely collection of photos and essays... The images are gorgeous, and the effect is like walking through a version of our city where startlingly honest thought bubbles appear over everyone's heads." --New York Magazine ""There's no judgment, just observation and in many cases reverence, making for an inspiring reading and visual experience." --Publishers Weekly (starred review) ""Some street photographers hide behind phone booths like paparazzi so their subject won't be aware of their presence, but for Stanton it's precisely that awkward interaction, the tearing down of the wall between strangers, that he covets." --The Huffington Post Reseña del editor An instant Number One New York Times bestseller, *Humans of New York* began in the summer of 2010, when photographer Brandon Stanton set out on an ambitious project: to single-handedly create a photographic census of New York City. Armed with his camera, he began crisscrossing the city, covering thousands of miles on foot, all in his attempt to capture ordinary New Yorkers in the most extraordinary of moments. The result of these efforts was ""Humans of New York,"" a vibrant blog in which he featured his photos alongside quotes and anecdotes.
