

What Is Japanese Cinema A History By Yomota Inuhiko Philip Kaffen

"Pressestimmen What Is Japanese Cinema? goes beyond the auteurist criticism that tells a history of cinema as a compilation of masterpieces. Instead, the work locates cinema in the specific contexts of cultural history as well as technological history. Yomota Inuhiko's knowledge of and attentiveness to film theories and histories is incredible.--Daisuke Miyao, University of California, San Diego A famously rambunctious critic, Inuhiko Yomota proves to be an even better pedagogue. He deftly organizes Japan's kaleidoscopic genres and film fashions into a totality you can grasp. Auteurs and stars sparkle above an omnivorous industry that metabolized traditional theater, popular manga, and Hollywood techniques into unmistakably Japanese forms. A swift, truly satisfying summary, What Is Japanese Cinema? is also just as vibrant and searching as its title, because its author is clearly in the thrall of his marvelous subject.--Dudley Andrew, Yale University No living scholar-critic of Japanese movies possesses Yomota Inuhiko's encyclopedic range and sheer passion for film. What Is Japanese Cinema? is a tour de force of filmic history: a concise and spirited account of how Japanese film came to be, illuminating carryovers from native theatrical traditions and the tensions lining the political history of modern East Asia. That Japanese cinema has all along been local, and--in its imperial ambitions, aesthetic power, or moral force--global in its reach, is a matter that this insightful book brings remarkably to light.--Paul Anderer, author of Kurosawa's Rashomon: A Vanished City, a Lost Brother, and the Voice Inside His Iconic Films A compact, breezy, and stimulating summary of Japanese film history. . . . Yomota's book offers something largely absent from English-language writing about Japanese cinema: a Japanese perspective.--Kazu Watanabe 'Film Comment' Åœber den Autor und weitere Mitwirkende Yomota Inuhiko is an acclaimed Japanese essayist, cultural critic, and poet, the author of dozens of books on a wide range of subjects. He taught film studies and comparative literature at Meiji Gakuin University.
