

# Regards Sur L Algã â Rie 1954 1962 By Marie Chominot Benjamin Stora

Pendant la guerre d'Algérie (1954-1962), les photographes du Service cinématographique des armées (SCA) ont produit des milliers de clichés, souvent diffusés dans la presse de l'époque et aujourd'hui largement reproduits dans les livres d'histoire. Des soldats possédant un appareil photographique ont également fixé dans une pratique amateur ce que fut leur expérience du conflit. Les témoignages de quatre d'entre eux, Marc Flament, Arthur Smet, Claude Roudeau et Dominique Mestrallet, engagés ou appelé pour le dernier, donnent à voir, parfois de manière inédite, les opérations militaires, la vie quotidienne dans les grandes métropoles du Nord, mais aussi en Kabylie, dans l'Oranais ou sur les Hauts-Plateaux. Présentées et commentées par Marie Chominot, ces remarquables photographies permettent d'appréhender différemment la guerre d'Algérie..
