A key work in understanding the mature Goethe, Conversations among German Refugees is here explicated as an organic whole rather than fragmentarily. This study gives an orientation to the many changes in Goethe's life in the decade prior to its writing, offers thorough textual comparisons with the French sources, and comprehensively treats previous scholarship. More than just the beginning of a new German genre, the Conversations represents Goethe's social commentary on his times, including the French Revolution and the problematic relationships between men and women. Individual tales, the «Fairy Tale», and the frame are newly interpreted.

Johann wolfgang von goethe johann wolfgang von goethe faust work on faust acpanied goethe throughout his adult life of a possible plan in 1769 to dramatize the story of the man who sold his soul to the devil in exchange for earthly fulfillment perhaps including his ultimate redemption no firm evidence survives in its first known form goethe s version already contains the feature
