Creating a Better Future This book offers a concise, accessible guide to the key concepts and applications in Otto Scharmer's classic Theory U. Scharmer argues that our capacity to pay attention co shapes the world. What prevents us from attending to situations more effectively is that we aren't fully aware of that interior condition from which our attention and actions originate. Scharmer calls this lack of awareness our blind spot. He illuminates the blind spot in leadership today and offers hands-on methods

to help change makers overcome it through the process, principles, and practices of Theory U. And he outlines a framework for updating the “operating systems” of our educational institutions, our economies, and our democracies. This book enables leaders and organizations in all industries and sectors to shift awareness, connect with the highest future possibilities, and strengthen the capacity to co-shape the future.

Theory u images all the pictures you see here and described in the new introduction of the theory u book to be released august 2016 were originally created in live social contexts as real time container building and reflective devices onto walls ranging from 8 to 30 feet with dry erase or chalk markers more about the context and journey that gave rise to these pictures to e
