

## The Four Horsemen The Discussion That Sparked An Atheist Revolution Foreword By Stephen Fry By Richard Dawkins Stephen Fry

"Pressestimmen 'This transcript is of historical significance and belongs in the library of all thinking people. A classic for our time...and all time.' (Michael Shermer, Publisher Skeptic magazine, monthly columnist Scientific American, Presidential Fellow Chapman University, author of Heavens on Earth, The Moral Arc, The Believing Brain, and Why People Believe Weird Things)'I have a short list of intellectual heroes, and Sam Harris, Christopher Hitchens, Richard Dawkins, and Daniel Dennett each have a place on itâ€•not because I always agree with their views, but because I'm in awe of the way they form, express, and defend their views. If thinking were a sport, these four would be national superstarsâ€•and reading The Four Horsemen feels like having a front row seat at the all-star game. This is more than a book about atheism and religionâ€•it's a lesson in how to use our intellect to cut through the haze of delusion and misconception inherent in any human society.' (Tim Urban, author of the blog 'Wait But Why')'We are slowly losing the hard-won right, gained by brave heroes of the enlightenment such as Voltaire and Hume, to be free to criticise religion without persecution and prosecution; the crime of blasphemy is creeping back. The words of Hitchens, Dawkins, Harris and Dennett are needed more than ever. These are the heirs to Voltaire.' (Matt Ridley, author of The Evolution of Everything)'I was gripped. Throughout this erudite conversation the humility and openness of science shines against religionâ€™s arrogance, hypocrisy and sheer gall in just â€˜making stuff upâ€™. How refreshing it is.' (Professor Susan Blackmore)'One to watch: electrifying' (Caroline Sanderson The Bookseller)'If you had to pick a place for our pop culture to change, Sun Records on December 4, 1956 at a jam session with Jerry Lee Lewis, Johnny Cash, Carl Perkins and Elvis Presley is a pretty good symbolic spot. This conversation on September 30th, 2007 with Daniel, Sam, Richard, and Elvis . . . I mean Hitch at Hitchâ€™s pad is as good a place as any to mark the start of the Atheist revolution.' (Penn Jillette, author of God, No!)'What a gift to be able to eavesdrop on this conversation! These four are the kinds of thinkers we donâ€™t get enough of anymore; unapologetic, uncompromising, and deeply generous with one another as well as anyone who happens to be listening in. You neednâ€™t be an atheist or a horseman to relish every word of this delightful book. You just need to be hungry for genuine intellectual inquiry and open debate. And, letâ€™s face it, youâ€™re probably starving.' (Meghan Daum, author of The Unspeakable: And Other Subjects Of Discussion)'Reading this book is like to getting to spend a profound afternoon with some of our greatest intellectuals. Blasphemous, erudite, devastatingly truthful, slyly hilarious. I gasped, I laughed, I nodded, and sometimes had to stop and just think for a moment about what they'd dared to say.' (Julia Sweeney, author of Letting Go of God)'For people inclined to disbelieve supernatural explanations -- in America, we few, we happy few, we band of brothers and sisters -- The Four Horsemen is a smart, fun, funny, seriously provocative primer.' (Kurt Anderson)'Thrilling...Challenging...This bracing exchange of ideas crackles with energy...an invigorating example of what happens when astute, inquisitive minds engage together on deep questions.' (Andy Norman Pittsburgh Post-Gazette) Æber den Autor und weitere Mitwirkende **Richard Dawkins (Author) Richard Dawkins** is author of The Selfish Gene, voted The Royal Society's Most Inspiring Science Book of All Time, and also the bestsellers The Blind Watchmaker, Climbing Mount Improbable, The Ancestor's Tale, The God Delusion, and two volumes of autobiography, An Appetite for Wonder and Brief Candle in the Dark.
