"Pressestimmen My favourite book of this and possibly any other Christmas is Mark Forsyth's A Short History of Drunkenness (Marcus Berkman The Spectator)Forsyth's jokes are snappy and well delivered. Unlike most comical writers he never falls into the trap of confusing long-windedness with irony (Craig Brown Mail on Sunday)Haha! . . . Highly suitable for Xmas! (Margaret Atwood)This entertaining study of drunkenness makes for a racy sprint through human history (Christopher Hart Sunday Times)A brisk and brilliant romp

through our hiccupping history, drenched with wit. Bloody marvellous from first sip to last burp (Jason Hazeley, co-author of the Ladybird series (including 'The Ladybird Book of the Quiet Night In' and 'The Ladybird Book of the Hangover')) Reading like a TED talk delivered by a stand-up comedian, this made me laugh out loud more than my first ever night out on absinthe. As essential as a hip flask or a pack of pork scratchings for any true connoisseur of booze. A Short History of Drunkenness is this year's Châteauneuf-du-Pape of Christmas books, no less. Bloody entertaining. (Emlyn Rees, author of 'The Very Hungover Caterpillar' and 'We're Going on a Bar Hunt') Sometimes you see a book title that simply gladdens the heart. Everyone I showed this book to either smiled broadly or laughed out loud . . . This is a book of some brilliance - probably best consumed with a restorative glass of something by your side. (Marcus Berkman Daily Mail) As Mark Forsyth brilliantly shows, civilisation is built on booze. Egypt (beer), Greece and Rome (wine) depended on alcohol to create their mighty works. Where man drinks, he prospers, and vice versa. A toast to this spirits-fuelled spirits-lifter. Staggering! (Harry Mount, editor of The Oldie) I thought I knew quite a

bit about drinking but A Short History of Drunkenness made me look at inebriation anew. Each chapter amazed, challenged and stimulated me so much that I needed a stiff drink at the end of it. (Henry Jeffreys, author of Empire of Booze) With a great eye for a story and a counterintuitive argument, Mark Forsyth has enormous fun breezing through 10,000 years of alcoholic history in a little more than 250 pages. (Henry Jeffreys The Guardian) Über den Autor und weitere Mitwirkende Mark Forsyth's The Etymologicon was a Sunday Times Number One Bestseller and his TED Talk 'What's a snollygoster?' has had more than half a million views. He has also written a specially commissioned essay 'The Unknown Unknown' for Independent Booksellers Week and the introduction for the new edition of the Collins English Dictionary. He lives in London with his dictionaries, and blogs at blog.inkyfool.com."
