"Autorenkommentar Guinness World Records, known from its inception in 1955 until 1998 as The Guinness Book of Records and in previous U.S. editions as The Guinness Book of World Records, is a reference book published annually, listing world records, both human achievements and the extremes of the natural world. The book itself holds a world record, as the best-selling copyrighted book of all time.[better source needed] It is one of the most frequently stolen books from public libraries in the United States. As of the 2016 edition, it is now in its 62nd year of publication. The international franchise has extended beyond print to include television series and museums. The popularity of the franchise has resulted in Guinness World Records becoming the primary international authority on the cataloguing and verification of a huge number of world records; the organization employs official record adjudicators authorised to verify the authenticity of the setting and breaking of records. Klappentext The ultimate annual book of records is back and crammed with more than ever before! Guinness World Records 2017 is bursting with all-new records on topics as diverse as black holes, domes, owls and killer plants. Want to know the highest anyone has travelled on a skateboard, or the largest loop-the-loop completed in a car? Dying to know just how many tricks a cat can do in one minute?
