

## Water S Wrath By Elise Kova

Librarian turned sorcerer. Sorcerer turned hero. Hero turned puppet. The Solaris Empire found victory in the North and, at the cost of her heart and her innocence, Vhalla Yarl has earned her freedom. But the true fight is only beginning as the secret forces that have been lurking in the shadows, tugging at the strings of Vhalla's fate, finally come to light. Nowhere is safe, and Vhalla must tread carefully or else she'll fall into the waiting arms of her greatest foe. Or former lover. About the Author Elise Kova has always had a passion for storytelling. She wrote her first novella, a high-fantasy, in sixth grade. Over the years she's honed her love of literature with everything from fantasy to romance, science fiction to mystery, and whatever else catches her eye. Elise lives in Saint Petersburg, Florida, where she's currently working on the next installment in her debut YA fantasy series: Air Awakens. She enjoys video games, anime, table-top role playing games, and many other forms of "geekdom." She loves talking with fans on Twitter (@EliseKova) and Facebook (/AuthorEliseKova).
